Letter 36

5th October 2018

Dear Parent/Carer

EDT Inspire Programme 2019

If your daughter has a passion for STE(A)M subjects (Science, Technology, Engineering, Arts and Maths), they might be interested in the EDT Inspire Programme which takes place over three days at a leading UK university. Each Inspire course is a mixture of hands-on activities and personal development sessions and includes:

An introduction to several branches of engineering or science to give a flavour of what to expect at first year undergraduate level

Interactive STE(A)M projects, lectures and workshops

How to manage a project, develop research techniques or write reports

Hear about university life

Meet engineers, researchers and professionals who will explain their own achievements

Courses take place straight after GCSEs and run throughout June and July. The cost is £140 for a non-residential course and £235 for residential.

To find out more and apply online please go to: www.etrust.org.uk/inspirecourse.

Yours faithfully

A handwritten signature in black ink, appearing to read 'S Bond'.
