**Letter 53**

9<sup>th</sup> December 2021

Dear Parent/Carer

## **Maths Practice Paper Packs**

As a Faculty we feel that the best revision students can do for their Maths A' level mocks and exams is to actually do exam questions, to allow exposure to both the content, as well as the layout and style. We are offering the practice papers in two bound booklets for Pure Maths and applied Maths with each containing all the past papers, mock and practice papers. The cost is £4 for the two booklets, covering the photocopying and binding costs, and at 22p per exam paper we feel this offers real value to the students. Payment should be made the usual way through our online payment system.

Please note that, we expect students to start working through these papers as discussed during the recent parent's evening in preparation for their mocks in January. Mark schemes to these paper would be made available to students electronically on google drive. We also, encourage students to use all the available online resources such as Maths genie videos and solutions, Physics and Maths tutors, exams solutions and Haberdashers Adams videos to complement their preparation for the mocks.

Yours faithfully

**Mr E Torsutse**  
Maths Teacher
