Letter 47

2nd November 2021

Dear Parent/Carer

Year 10 - Morrisby Usability Testing

Morrisby Online is a career guidance tool that helps students to identify potential career paths and make informed decisions about their study options. Participating students take an online assessment which measures a variety of elements including aptitudes, career interests, work attitudes, talents, motivations, personality and learning styles.

Once the assessment is complete, students will have access to personally tailored career and education suggestions, plus a wealth of careers-related resources for which they have lifetime access. We offer students in Year 12 the opportunity to use this tool to help them make informed decisions about their future.

Morrisby have approached us to ask if 15 to 20 of our students in Year 10 would like to take part in testing some of their latest career products this month in order to improve their service.

This would involve spending 90 minutes at home using the system with a further hour in school to complete the testing. As a thank you, students will receive a £30 Amazon voucher and a free lifetime login for Morrisby Profile.

Full details are on the accompanying letter along with a data consent and feedback sheet. If your child would like to take part, please return the data consent form to me by 9th November.

Please note: The Hemel Hempstead School is making this information available to parents as something that students may want to be involved in and whose parents feel they would benefit from taking part in this activity. This is not a product endorsement and the school does not accrue any financial benefit from students using this product.

Please let me know if you need any further information.

Yours faithfully

A handwritten signature in black ink, appearing to read 'S Bond'.
