

THE HEMEL HEMPSTEAD SCHOOL

THE ART, DESIGN AND TECHNOLOGY FACULTY

The Art, Design and Technology faculty is made up of five full time and three part time members of teaching staff, all of whom offer a wide range of expertise in the teaching of Art, Graphics, Photography, Food, Textiles, Resistant Materials and Product Design. There are three technicians, one Resistant Materials and Product Design, one Art and one Food and Textiles.

The faculty is located in three neighbouring blocks, housing specialist rooms including two workshops, four computer suites and a food practical room alongside several exclusive teaching rooms.

The faculty is well equipped, including specialist equipment such as a dark room, kiln, 3D printers and laser cutter.

At KS3 students are taught Art, Design technology and Food. At KS4 students are able to choose to study Art, Graphics, Textiles, Resistant Materials, Product Design or Food Preparation and Nutrition. At KS5 students can study Art, Photography, Graphics or Health and Social Care.
